To Whom It May Concern,

I am writing this Letter of Recommendation on behalf of Cristiano Palazzo. Cristiano is a high-achieving student with high character, and is a talented and dedicated participant in athletics and other activities. Cristiano participates in football and track while also simultaneously being involved in community service activities, honors courses, leadership roles and other programs at Heritage High School. Cristiano has demonstrated incredible responsibility and maturity for high school student-athlete by making a commitment to constantly pursue great goals.

As both a teacher and a coach of Cristiano's, I can say without a shadow of a doubt that whatever he commits to will become a successful endeavor. In my opinion, there are no great accomplishments that can be attained without tenaciously fighting through challenges and obstacles along the way. I also feel that true greatness is only attained when you are able to put others before yourself every step of the way. Cristiano has taken the challenge of being a captain in the weight room and on the football field and constantly gives it everything he has. He is a charismatic leader that goes about his business in a way that never detracts from others around him. His tenacity and toughness made everybody around him better as he is a leader by example. He will come in willing to do what is necessary for the group or organization around him and will serve them while making sure he is constantly working to reach his high personal goals as well. Who doesn't want a young man like that around?

My own 2 daughters are the most important people in my life. They are often around the school for athletic practices or events. They have spent time around our team and love to watch them compete. The highest form of recommendation I can give is that I never have to worry about my daughter being around a young man like Cristiano and I hope that they have some of his personality and characteristics as they get to their teenage years. Please accept my highest recommendation for anything that Mr. Cristiano Palazzo is applying for. It has been my pleasure to know and work with him, and I would gladly take any opportunity to further discuss and tell stories about this great young man.

Sincerely,
